22nd November 2018

Dear Parents & Guardians,

You may already know that schools all over Ireland are experiencing an outbreak of head lice and we are no exception. For the first time in many years secondary schools are also having the same problem. To try to rid the school of the problem we are asking all families to inspect their children's hair and to take appropriate action over this weekend. It is very important the full treatment is carried out as most lotions require a second application a number of days after the first application.

We are asking that all children with long hair keep it tied up from now to Christmas. It is important to note that head lice prefer clean hair!

Sincerely,

Seamus Mac Roibeáird

James Roberts, Principal
